Aware of the importance of maintaining a sustainable tourism development, and assuming the principles and objectives adopted specifically at the World Summit on Sustainable Development 2015, COP 21 and the World Charter for Sustainable Tourism + 20, Valua Travel is committed to carrying a sustainable management of its activities, through the adoption of commitments aimed at preventing, eliminating or reducing the impact of our facilities and activities, both internal and external, as well as optimizing the sustainability of the establishment by improving its behavior with the environment.

In this same sense, our entity has adopted the following Responsible Tourism Policy, through which it undertakes to comply with the requirements established in the **Destinació Barcelona Sostenible** membership, which includes, among other things, the legal requirements that regulate the effects generated by tourism. .

Likewise, we commit ourselves to motivate and train our staff with training and awareness actions on the principles of Responsible Tourism, to promote good environmental practices in the environment and participate in external activities, and to inform both internally and externally about the progress and environmental actions of the company.

In the same way, our company expresses the express commitment to fight against sexual exploitation or any other form of commercial exploitation and harassment, in particular of children, adolescents, women and minorities; and we are committed to adopting universal accessibility measures.

One of our main objectives is to perfect sustainable management, assuming the commitments of continuous improvement in all areas of sustainability: social, economic and environmental, as well as customer satisfaction. For this, the projects of future extensions of the facilities or activities will be subjected to criteria of sustainability and efficiency in the use of resources.

This Responsible Tourism Policy will be updated whenever the circumstances require it, adopting and publishing in both cases new sustainability objectives.
